**Supplemental Type Certificate**  
IMPORT

Number: SR03387NY

This certificate issued to: HeliProducts Industries Ltd.  
#350 18799 Airport Way  
Pitt Meadows, British Columbia  
Canada V3Y 2B4

certifies that the change in the type design for the following product with the limitations and conditions therefore as specified hereon meets the airworthiness requirements of Part 27 of the Federal Aviation Regulations.

Original Product – Type Certificate Number:                      Make: See attached AML  
See attached AML    Model: See attached AML

Description of Type Design Change:

1. Installation of AVEO Engineering LED anticollision light, LED position/Strobe lights and LED tail position lights in accordance with Master Drawing Lists, document Nos. RLM-MDL-001, Rev. C, dated July 14, 2014, TCCA approved August 1, 2014 and MDL No. RLM-MDL-002, Revision A, dated October 27, 2014, Transport Canada approved October 31, 2014 or later TCCA approved revisions.

(See Description of Type Design Change continued on Page 3 of 3)

Limitations and Conditions:

1. The installer must determine whether this design change is compatible with previously approved modifications.
2. If the holder agrees to permit another person to use this certificate to alter a product, the holder must give the other person written evidence of that permission.

*This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, and revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.*

Date of Application: January 28, 2014

Date Reissued:

Date of Issuance: April 23, 2014

Date Amended: January 23, 2015

By Direction of the Administrator

Any alteration of this certificate is punishable by a fine of not exceeding \$1,000, or imprisonment not exceeding 3 years, or both. This certificate may be transferred or made available to third persons by licensing agreements in accordance with 14 CFR 21.47. Possession of this Supplemental Type Certificate (STC) document by persons other than the STC holder does not constitute rights to the design data nor to alter an aircraft, aircraft engine, or propeller. The STC's supporting documentation (drawings, instructions, specifications, flight manual supplements, etc.) is the property of the STC holder. An STC holder who allows a person to use the STC to alter an aircraft, aircraft engine, or propeller must provide that person with written permission acceptable to the FAA. (Ref. 14 CFR 21.120).
